

### Colloquia and Symposia Sponsored by ION (1999.11-1999.12)

Date	Name	Affiliations	Title
99-11-27	Yuh-Nung Jan	UC San Francisco	<i>Control of dendrite development in Drosophila neurons</i>
99-11-27	Chun-Fang Wu	University of Iowa	<i>Genetic analysis of neuronal function &amp; behavioral plasticity in Drosophila</i>
99-11-27	John Ngai	UC Berkeley	<i>Molecular approaches to the vertebrate olfactory system</i>
99-11-27	Nancy Ip	HKUST, H.K.	<i>Understanding the molecular signals at the neuromuscular junction</i>
99-11-27	Yu-Tian Wang	University of Toronto, Canada	<i>Hippocampal homosynaptic LTD is mediated by clathrin-dependent endocytotic removal of postsynaptic AMPA receptors</i>
99-11-27	Fulton Wong	Duke University	<i>Common pathways in the pathogenesis of mutation-induced retinal degeneration</i>
99-11-27	Z. Jimmy Zhou	University of Arkansas for Medical Sciences	<i>Spontaneous waves of excitation in the developing retina</i>
99-11-27	Xiao-jing Wang	Brandeis University	<i>Neural basis of working memory: from synaptic dynamics to cortical network activity</i>
99-11-27	Xiaoping Hu	University of Minnesota	<i>Mapping neuronal activity with magnetic resonance imaging</i>
99-11-27	Zhi-qing Xu	Karolinska Institute	<i>Galanin in ascending systems: focus on noradrenaline &amp; 5-hydroxytryptamine</i>
99-12-21	Takuji Kasamatsu	Smith-Kettlewell Institute	<i>Contrast, Context &amp; Stimulus Grouping in Striate Cortex: Psychophysics of Single</i>
